

## **Positive Discipline Tools for Teachers, by Jane Nelsen and Kelly Gfroerer**

We have collected well over 100 success stories from all over the world. In order to represent an even greater variety from all grades, we would appreciate more success stories for the first 10 tools below— and especially from middle and high school. And, there is room for more success stories for any of the tools. We appreciate your contributions and love having you represented in our book. Please go to [www.positivediscipline.com/success-stories](http://www.positivediscipline.com/success-stories) to submit your story.
